4 Read the following text and answer the questions.

Have you ever heard about nocturnal animals ? They are amazing animals. They sleep in the day, but are awake at night. They hunt for their prey or look for food in the dark. They are different from other animals like camels and donkeys which are awake in the day. Some animals are nocturnals because it's difficult for them to find food in hot weather, so it's better to sleep in the day and come out at night when it's cooler. It can also be easier for small animals to hide from predators at night. It's safer to come out when it's dark because they can't easily see them. The senses of nocturnal animals are special and developed. They have adapted to work when it's dark. They have a very good sense of hearing to move at night.

A. Choose the correct answer from a, b, c or d :

1. The underlined word "come out" gives the opposite of ....
   a. make b. disappear c. know d. visit

2) Listen and answer the questions:

Your brain keeps working hard, and it can't relax. Another tip: Don't eat big meal close to bedtime. When you eat a big meal, your body has to work too hard to digest the food. Does anyone here read books at bedtime?

General Exam 1

1) Choose the correct answer from a, b, c or d:

vWhen we were in Alexandria, we visited my cousin. She's at university there and she's studying science. She showed us where she studied. The university buildings are very big – a lot bigger than my school! There are lots of students and I think it would be a great city to study in.

2) Listen and answer the questions:

The Bay of Fundy in Canada has the highest tides in the world. The difference between high and low tides is more than 12 meters. In the Mediterranean, it is a few centimeters!

General Exam 2

1) Choose the correct answer from a, b, c or d:

There are two things that cause the tides, the moon and the sun. But the main effect is from the moon. When it moves around the Earth, its gravity pulls the water on Earth towards it. This causes a high tide in the water nearest the moon. On the opposite side of Earth, the moon's gravity pulls the Earth away from the water, so you get another high tide.

2) Listen and answer the questions:

Amira went to visit her cousins Ali and Mona in Sharm El-Sheikh in the summer. They wanted to show Amira the beautiful mountains near there. So they decided to take her camping. Uncle Wael drove to the start of the trail, which is a rough path across the desert. The air smelled beautiful and they went hiking into a deep valley.

General Exam 3

1) Choose the correct answer from a, b, c or d:

Nocturnal animals sleep in the day but we are awake at night. They hunt for their prey or look for food when it is dark.

Other animals like camels and donkeys are diurnal, which means they are awake in the day. We see these more often than nocturnal ones

2) Listen and answer the questions:

The Karnak Temple in Luxor is a very important monument, not only in Egypt but also the whole world. The old buildings there are made of stone. There isn't anything made from glass. Everyone feels very small when they see the statues there.

General Exam 4

1) Choose the correct answer from a, b, c or d:

When Nesma was in Alexandria last June, she went to the aquarium. She really like seeing the colorful fish and sea animals in the aquarium. It isn't very big, but there are lots of different things to see there. She learned a lot about fish in the Mediterranean Sea and the Red Sea, as well as fish which live in the Nile.

2) Listen and answer the questions:

We all live in a community and we should all help the people who live in it. Have you ever wanted to be a volunteer? Being a volunteer is a great way to help your community. You can learn new skills, make new friends, and make your neighborhood a better place.

General Exam 5

1) Choose the correct answer from a, b, c or d:

My name is Emily. There are a lot of different ways that people spend their free time here in Canada. When it's warm out, people have a picnic in the park. We have a lot of green spaces in my city, but the only problem is that it rains a lot. So, when it's raining, I go swimming. The pool is indoors.

2) Listen and answer the questions:

When you are hot, your body may lose water and salt quickly. You may get headaches. So you should close your curtains during the day so that the sun will not make the rooms hot. You should also wear light-colored, loose clothes so that you will feel more comfortable. Drink lots of water so that you can stay cool.
